

接口文档

配置项

表头JSON

字段描述

表头JSON 其中label是用来显示的字段 prop用来绑定字段，对应上即可 最好能把空格去除，不然有可能过长系统报错

样例

```
{
  "id": 100,
  "label": "主键",
  "prop": "主键",
  "children": [
    {
      "id": 200,
      "label": "配送信息",
      "prop": "",
      "children": [
        {
          "id": 210,
          "label": "姓名",
          "prop": "",
          "children": [
            {
              "id": 300,
              "label": "姓名1",
              "prop": "name"
            },
            {
              "id": 301,
              "label": "姓名2",
              "prop": "name"
            },
            {
              "id": 302,
              "label": "姓名3",
              "prop": "name"
            }
          ]
        },
        {
          "id": 220,
          "label": "电话",
          "prop": "",
          "children": [
            {
              "id": 303,
              "label": "电话1",
              "prop": "phone"
            },
            {
              "id": 304,
              "label": "电话2",
              "prop": "phone"
            },
            {
              "id": 305,
              "label": "电话3",
              "prop": "phone"
            }
          ]
        },
        {
          "id": 200,
          "label": "地址",
          "prop": "",
          "children": [
            {
              "id": 210,
              "label": "省份",
              "prop": "province"
            },
            {
              "id": 220,
              "label": "城市",
              "prop": "city"
            },
            {
              "id": 220,
              "label": "详细地址",
              "prop": "address"
            }
          ]
        },
        {
          "id": 400,
          "label": "测试表头",
          "prop": "",
          "children": [
            {
              "id": 401,
              "label": "测试二级表头1",
              "prop": "",
              "children": [
                {
                  "id": 402,
                  "label": "测试三级表头1",
                  "prop": "name"
                },
                {
                  "id": 403,
                  "label": "测试三级表头2",
                  "prop": "phone"
                }
              ]
            },
            {
              "id": 404,
              "label": "测试二级表头2",
              "prop": "",
              "children": [
                {
                  "id": 405,
                  "label": "测试三级表头",
                  "prop": "phone"
                },
                {
                  "id": 406,
                  "label": "测试三级表头2",
                  "prop": "name"
                }
              ]
            }
          ]
        }
      ]
    }
  ]
}
```

这个是未去除空格的结构

```
[
  {
    id: 100,
    label: "主键",
    prop: "主键",
  },
  {
    id: 200,
    label: "配送信息",
    prop: "",
    children: [
      {
        id: 210,
```

```
label: "姓名",
prop: "",
children: [
  {
    id: 300,
    label: "姓名1",
    prop: "name",
  },
  {
    id: 301,
    label: "姓名2",
    prop: "name",
  },
  {
    id: 302,
    label: "姓名3",
    prop: "name",
  },
],
},
{
  id: 220,
  label: "电话",
  prop: "",
  children: [
    {
      id: 303,
      label: "电话1",
      prop: "phone",
    },
    {
      id: 304,
      label: "电话2",
```

```
    prop: "phone",
  },
  {
    id: 305,
    label: "电话3",
    prop: "phone",
  },
],
},
{
  id: 200,
  label: "地址",
  prop: "",
  children: [
    {
      id: 210,
      label: "省份",
      prop: "province",
    },
    {
      id: 220,
      label: "城市",
      prop: "city",
    },
    {
      id: 220,
      label: "详细地址",
      prop: "address",
    },
  ],
},
],
},
```

```
{
  id: 400,
  label: "测试表头",
  prop: "",
  children: [
    {
      id: 401,
      label: "测试二级表头1",
      prop: "",
      children: [
        {
          id: 402,
          label: "测试三级表头1",
          prop: "name",
        },
        {
          id: 403,
          label: "测试三级表头2",
          prop: "phone",
        },
      ],
    },
    {
      id: 404,
      label: "测试二级表头2",
      prop: "",
      children: [
        {
          id: 405,
          label: "测试三级表头",
          prop: "phone",
        },
        {
```

```
id: 406,  
label: "测试三级表头2",  
prop: "name",  
},  
],  
},  
],  
},  
]
```
